

RITAMAN SARKAR

ritaman.sarkar_ug2023@ashoka.edu.in, 20 yrs

9832089475

PROFILE SUMMARY

Delivers production-ready **AI/ML systems** and translates complex technical work into clear, **stakeholder-ready outcomes** — bringing hands-on engineering execution, research rigor, and strong communication to **technology consulting and IT delivery teams**.

EDUCATION

B.Sc (Hons.) in Computer Science and Philosophy, Minor in English	Ashoka University	2027	3.51/4 CGPA
Class XII	PRABHARANI PUBLIC SCHOOL CBSE	2023	94.40 %

SKILLS

Image Analysis, Machine Learning, Computer Architecture, Neural Networks, Logistic Regression, PyTorch, Tensorflow, Debugging, Computer Vision, Transformer, Logic, Deep Learning, Propagation, Statistics, AIML, Python, Microsoft Excel, Microsoft Copilot, C/C++, Java, SQL, Github, MS Powerpoint

INTERNSHIPS EXPERIENCE

CENTRE FOR DIGITALISATION, AI AND SOCIETY (CDAIS), ASHOKA UNIVERSITY | *Part-time* **Jun 2026 - Aug 2026**
Research Assistant

- Led primary research on **AI-mediated healthcare governance** in India, synthesising findings across **medical ethics, technology policy, and legal precedent** to produce a stakeholder-facing analysis of **doctor-patient fiduciary relationships**, under Prof. Debayan Gupta, Prof. Subashis Banerjee
- Collaborated **cross-functionally** with senior researchers (Digital Futures Lab, CDAIS) to build a **research framework** spanning **computational, legal, and policy domains**, contributing directly to a **co-authored working paper**
- Managed **end-to-end research operations** for a **3-member fellowship team** over a **3+ month engagement**, streamlining literature-review workflows and aligning deliverables with a **4-member cross-institutional research team** toward journal submission

WIPRO TECHNOLOGIES | *AI Research and Engineering Intern* **Jun 2026 - Jul 2026**

- Architected an **adversarial robustness safety gate** and reviewed of **4 additional safety gates** within the **AI Agent Validator**, an **automotive-grade AI validation framework** for **self-driving systems**, ensuring **end-to-end compliance** with **ASPICE, ISO 26262** industry **safety standards**
- Benchmarked and evaluated **4-5 frontier AI testing** frameworks (**CleverHans, LLM-as-Judge, GAIA**) to define a **robustness-testing** methodology, translating findings into **actionable engineering decisions** for an **autonomous systems validation pipeline**
- Delivered **full-stack** contributions spanning **backend architecture** and **frontend interfaces** for a **production-grade evaluation tool**, directly supporting automotive **AI deployment workflows** in a cross-functional engineering team in the **Research and Development** department

ASHOKA UNIVERSITY | *Teaching Assistant* **Jan 2025 - May 2025**

- Directed academic support and **structured discourse** over **3 months** under Prof Kranti Saran and facilitated engagement **across 50+ students**.

VOLUNTEER EXPERIENCE

Deliberation Moderator and Monitor| DDL, Stanford University | Science and Technology **Nov 2025 - Nov 2025**

- Spearheaded **multi-participant** focus group moderation on **AI and Society** for a **Stanford-affiliated Science and Tech research** initiative

PROJECTS

Poetry in Parliament - This was a research project under Professor Aalok Thakkar, CS dept. **Jul 2025 - Aug 2025**

- Designed and implemented an **end-to-end data digitisation pipeline** to convert **Parliamentary debate** records into a **machine-readable corpus**
- Built a **scalable quantitative analysis** framework enabling **decade-scale trend analysis**, delivering insights to project stakeholders

CONFERENCES & WORKSHOPS

- Securing The Future: AI-Driven Innovations and Ethical Cybersecurity Frameworks Workshop | UCSI University | Sep 2025:** Developed technical understanding of **ethics in AI and cybersecurity**
- CS Data Privacy Summer School 2025 | IIT Delhi:** Acquired expertise in **privacy-preserving** techniques and open challenges in **data protection**
- Seventh DGSIC International Conference 2026 | Panjab University, DGSIC | Feb 2026:** Presented original research applying **computational and discourse-analysis** methods to digital platform **recommendation systems** and **consumer behaviour**, at an **international academic conference**

POSITIONS HELD

Philosophy Helpdesk Writing Consultant | Ashoka University **Aug 2025 - May 2026**

- Advised and mentored students across multiple philosophy electives on **essay ideation, argument structuring, and revision**, delivering one-on-one **academic consulting** throughout the year
- Provided structured **editorial feedback** and coaching on **argumentative writing** for a recurring caseload of students, improving clarity, rigour, and turnaround on **written coursework**

WORK EXPERIENCE

NOBEL HYGIENE | *SEO Content Strategist (Freelance)* **Mar 2022 - Apr 2022**

- Researched, strategised, and authored 6 SEO-optimised **long-form articles** (~1,000 words each) for a leading **FMCG hygiene** brand
- Translated complex menstrual health topics into **accessible SEO content** targeting **public health awareness** for a **mass-market FMCG** audience, reaching readers across 6 long-form articles
